NEW COUNTY SCHEMES
INTEREST NEWBERRY

Propositions Involved by Which County would Gain from Lexington and Lose to "Musgrove."

Newberry, Oct. 26.—A party of Newberryans went down to Chapin yesterday in autos to talk with the citizens there about the proposed addition of that portion of Lexington county to Newberry. In the party were Fred H. Dominick, H. L. Parr, Jno. M. Kinard, Cannon G. Blease, Eugene S. Werts, W. E. Waldrop, C. E. Summer of Newberry and Dr. C. T. Wyche of Prosperity. Forty or fifty of the citizens of Chapin met with the Newberry party in the school building. Wm. M. Wilson of Peak was chairman of the meeting, and Mr. Frick was secretary. The Newberry delegation assured the meeting that they would be delighted to welcome the people of Chapin into the county and thought it would be a matter of mutual benefit if they should come in. The Chapin men had very little to say in the meeting. Charles P. Robinson made a short talk, in which he said that he had not thought much about the matter and had not made up his mind about it and did not know how he would vote were the proposition submitted. That appeared to express pretty correctly the feeling in Chapin. On motion the chairman was authorized to appoint a committee of five to canvass the situation and ascertain the

feeling of the territory proposed to be cut off into Newberry and to ascertain as far as practicable the wishes of the people interested; this committee to be appointed at the leisure of the chairman and to make report to a subsequent meeting. The committee will ascertain as far as it can what portion of the people wish to remain with Lexington, what portion wish to become a part of Richland and what portion wish to come into Newberry.

There has been talk some time among the people of Peak and the adjacent country of asking for an election on the question of voting that portion of Lexington into Newberry, and the sentiment there is said to be strongly in favor of the change, the main question now being as to how to run the line westward from Broad river towards Saluda.

Another county scheme is interesting the people here. The people of Clinton are very aggressive and earnest in pushing their scheme of the proposed new county of Musgrove, with Clinton as the capital. To get the necessary 400 square miles, they will have to cut pretty deep into Newberry county. They have already made a survey of a line from Enoree river to Saluda—a straight line about 30 miles long, cutting off a strip of Newberry about three miles wide, including in this strip Whitmire, Kinards, Belfast, Dominicks, Garys, Longshore, Vaughanville and so on. Under the State constitution, not more than 94 square miles can be taken from Newberry as it now stands, and the Clintonians seem disposed to take "all the law allows." Newberry's present area is 594, and no old county can be reduced to less than 500. Of course Newberry does not wish to lose any portion of the county, and would be especially sorry to lose such a fine part as that embraced in the "Musgrove county" survey.

The cotton market was lively today; in fact, for the past three days there has been a lot of cotton sold here—averaging 500 bales a day.

We have just received a handsome line of Davenport Beds in mahogany, golden oak and mission finishes, price reasonable.

Will The REAL FREEMEN
Uphold Wilson's Hands?

Woodrow Wilson has refused emphatically to accept contributions to his Campaign Fund from the Interests, from corrupting influences, from any questionable sources.

He has given us, the Democratic National Committee, to understand that he will go into the White House with clean hands or not at all.

Who Is Getting The Money
of The Trusts?

So sure has been Wilson's stand, so well known his incorruptible purpose, that no private interests have dared to approach either our candidate or his committee.

We have not been offered a penny by the trusts, and we certainly have not solicited a penny from them. The money of the Interests is being spent against Wilson. No matter for whom—we need not discuss that here—it is now common gossip that the money power of the nation is being used in an attempt to defeat Woodrow Wilson.

What Is a "People's Campaign?"

We are addressing ourselves to the real freemen of America, the upright, Progressive Voters of the country who are doing the work of the nation and not the work of trusts and bosses.

We realize that the salvation of every righteous cause rests with you.

Often this cry of a People's Party or a People's President is raised by the very forces we seek to defeat and whom we must and will defeat. But look to our standard and our standard be rer and decide yourself as to which is the People's Campaign and must, therefore, be fought with the People's money.

Woodrow Wilson Has Clean Hands

Woodrow Wilson is the cleanest man in national politics. He came of illustrious forefathers, who laid by blood and heredity the foundation of a future President through generation after generation of upright record.

If Wilson is to be elected it must be by clean money and there is only one source of such money—from the voters of the country who realize the importance of having a government uninfluenced by the almighty dollar.

Wilson's hands are clean.

Will you uphold them?

How Much Money Will You Give?
How Much Can You Raise?

There are big campaign expenses to be met if we are to win on Election Day in November. We must tell the voters of the country about Wilson, what he is, what he has done. We must show them his record. We must show them his platform. We must point out to them the features of his platform which mean so much to this nation. This great work will cost a lot of money. We must meet the usual heavy toll necessary to present a platform and a candidate to a hundred million.

Your dollar, your \$5, your \$10, your \$20 is needed. And don't mistake—we want the man who can only afford the one dollar. We need him. We need the woman who can

only give one dollar. We believe in this kind of loyalty—it's the kind that wins.

Let every one contribute to the Woodrow Wilson Campaign by the first mail. Let's have as big a fund as the corporations can supply the other parties. For the people are mightier even in money than the Combinations—when they get together.

A Call To Those Who Will Club
Contributions

No live progressive voter can do more for Wilson's cause than to head a list with his own contribution and then to have his fellow-workers and friends swell the total with their names and money.

If you work in an office or factory, mill, warehouse, on a railroad, ranch or farm, start the ball rolling. Line up the Wilson men. Sign up as many contributions as you can. And mail to us.
